Mona Anderson
Walter Brown
Kenneth Kimberling
Margaret Cobbe
Harold Tucker

Baseball Club Re-organized

Though it cannot be said that the present weather is of the kind that would turn anyone's thoughts towards baseball, yet already the fans are looking forward to putting Strathmore on the baseball map again in 1920.

A largely attended meeting was held in the Town Hall on Friday eve, Mr. J. H. Brand presiding, when plans were discussed for next season, and officers elected.

There is every indication that Strathmore will have a first class team in the field in 1920. Most of the old players have signified their willingness to stay for another season, and there is a lot of good talent in sight.

The improvement of the present diamond was taken up and Messrs. Givins and Saunders were appointed a committee to see if it would not be possible to get the Town Council to spend as much on fixing up the ball ground as the club had spent last year. It was also decided to look into the matter of making a change at the gate.

With regard to the best days to hold games, many present thought that it would be a good idea to hold games on Saturday afternoons. When games were held on the Wednesdays many of the spectators came long distances from the country, and they did not like the idea of stores being closed after the game, thus entailing another trip to town for groceries, etc.

To the retiring manager and secretary, W. C. Brown and Harry Vickers, hearty votes of thanks were moved. These officials have worked hard and the past season, and have spent a lot of their time on the job.

Officers were elected for 1920 as follows:

Hon. Pres. Fred Davis, M.L.A.
Hon. Pres. D. L. Redman, M.P.
President, J. H. Brand.

Vice Pres. Roland Hill
Sec. Treas. Harry Van Buren
Team manager, Leonard Ledwell.

Executive committee.

W. C. Brown.
R. H. Vickers.
J. Van Tighem.
E. Debon.

W. M. Marshall.

Entertainment committee.

W. K. Anderson.
J. MacIntyre.
Mr. Livingston.

R. H. Anderson.
E. A. Brown.

C. E. Richards.

Grounds committee.

C. L. Dodge.
W. C. Brown.

Don Anderson.
John Taylor.
Ben Fessenden.

Jas. McElroy Dead

At the advanced age of 94 years, James McElroy, well known resident of this city, died at the home of his daughter, Mrs. Arthur Frizzle, of Medicine Hat on Nov. 5. He deceased is mourned by three daughters, Mrs. R. A. Brown, Mrs. Arthur Frizzle, and Mrs. Arthur Frizzle and by three sons, George, Walter and Milton of Medicine Hat. The funeral took place in Calgary.

Official information has been given as the bank managers in advance loans for Victory bonds over and above their customers line of credit, interest for which may not be charged over 6% per cent. This leaves little excuse for the farmer to refrain from investing and also shows the faith of the banks in the ability of the farmers.

STRATHMORE WAR MEMORIAL HALL

The Big Drive

One year ago to-day the Armies of the Allies were in the last big drive which completed the overthrow of the Hun and brought him to his knees.

During the next fortnight, the same boys from your district who were then in the Canadian Forces, are putting on a Big Drive of their own to raise \$15,000 for a Clubroom for themselves, a Memorial for their fallen Comrades, and a hall that will be an asset to the district. Will you back them now as you did a year ago. It will want a generous contribution from everybody to put the Memorial over the top. Many have helped already. Will YOU do your share.

Rockyford News

Tom Hart, our local dispenser of stilted stunts, came near losing his life last week, the Tuesday evening on the Rockyford hill with his sidekick Dan, his horse overpowered with eleven hundred pounds of lead pinning him underneath. By an act of providence Tom escaped serious injury the car taking another turn there by rolling off him. Dan's jump on a horseman on the first tandem, later in the week Art Clive and Hart met in a head on collision on the Rockyford hill, outside of a couple of broken lamps and render to serious damage was done.

The many friends of Miss Thoms (Dutch) will be pleased to learn he is in a warm country for the winter (Florida we mean). Dan received a letter from him last week and in it Dutch said he had quit the business game and had gone on the stage. Has taken part in eleven acts already. We all knew Dutch would give Canada a run as we have heard him at that famous infamy, "When Irish Eyes are Smiling," more than once. Dutch wishes to be remembered to all his friends and expects to be back in our burg again next June.

Art Carmichael was so pleased with the job Shoen and Freese gave him on his home, that he gave them a contract for a large barn upon which work will begin in the near future.

Hounds will be hunted, and cats will be cat.

Post Office in a new location, again. O'Neil.

Furnaces are being installed in the Hotel Grand and the Crystal country. Good news for district and the country, eh?

A case of much importance will be heard by the Supreme Court in the near future. It will be Levitt vs. Reish. The claim being for damages happening in the Levitt chicken coop on or about October 15th. Fifteen roost chickens being the result.

Belle Levitt and her sister Katie, spent the summer in town taking in the Hard Time Dance, think when are you coming back to our city. We are anxious to know.

Art Carmichael has moved into his new home just out of town.

The famous White Lunch restaurant, the number one band of celebrities, (no relation of Louis) have purchased the building, stove, dishes and all will open up for business in the near future. We forgot to mention the good will of the business was not involved in the deal.

Tom Hart left for Chicago with eight car loads of choice steers, which he bought from John Higgs. With a good trip Tom should top the market as the steers were all fine cutters.

Theatre games will be played to learn that arrangements have just been completed with Mr. Daugman, late operator of the Alton Theatre, Calgary, to present motion pictures in the Rockyford Town Hall. The first program will take place on Wednesday evening, November 10th, at 8:30. After which performances will be given every Wednesday evening throughout the winter months. Mr. Daugman has had many years experience in the motion picture business and first-class entertainment is assured. Admission will be 25 cents for adults and 15 cents for children.

Yesterday is gone, to-day is here, to-morrow will be the day, find you at the Picture show. The first of the season.

If the weather extends this week (to-morrow says he will be able to play) and put the rugation aside the Levitt block, food news for English.

Halloween night was celebrated in rocky style, frolics, ranging from souping the windows, blowing peas, stumping over — and to cap the climax kidnapping a baby. About 1000 cars ranging from Pords to superiors belonging to people who were at the dance were taken to be some of our Ralph De Palma's and to alter the country. The play was discovered about the time supper was to be served and the chase for the missing cars began. Bill Hirt who had left his jenny with his baby safety in it found his car and baby were both missing. After an anxious half hour, especially for Miss Hirt, the baby was found in the car last Saturday as it morning had happened on the hill. The night riders must have discovered what they had done as the car was brought to town and left beside the bank. It was a very happy mother when the child was returned to her safe and sound.

The Hard Times Dance given by the Emerald Club on Halloween night was the most successful dance of the season. It was a real hard times dance in one sense of the word as overalls and jumpers were the attire and gingham dresses were worn by all members of the fair sex. To take a look over the crowd the world would never guess that we had a forty bushel crop here this year. Fifty-eight couples were on the floor for every dance and they just couldn't get enough dancing although Andy Merritt, the chief electrician of the town didn't call lights out until four a.m.

SUPPORT THE VICTORY LOAN.

Strathmore is not making a good showing in regard to the Victory Loan. The total subscribed is miserably small as compared with Strathmore's record in the past. Of course the weather has been much against canvassing, but in addition there is a feeling of apathy which is not justified.

There is, of course, a great deal of discussion with the Government in regard to its wheat control policy, its conduct towards the returned soldiers, its methods of financing war expenditures, etc. None of these reasons, however, is an argument against the loan. Canada has to have the money if it is to carry on. If the money is borrowed outside, it will cost more. A loan that is carried at home is a good thing. The Government has adopted this method of securing its after-war commitments and financing the crisis crop, and everyone in Strathmore district should buckle to and subscribe every cent they can spare. The loan closes on Saturday. There are a number of men working throughout the town and country, and it is up to everyone to join in their work before the final date and subscribe their quota.

Memorial Hall

Canvassing is still at a standstill in connection with the Memorial Hall but will be resumed at the end of this week, weather permitting.

A circular has been prepared and is being sent out to everyone in the district who has not yet subscribed, fully explaining the object of the hall, and the purposes for which it will be used. We hope to see a generous response from everyone when approached by the canvassers.

The following additional subscriptions are recorded this week:

H. A. Reppe	20.00
J. A. Campbell	10.00
P. H. Hartman	10.00
John Taylor, Sr.	25.00
W. E. Morgan, (25.00)	25.00
Dorcas (Namska)	2.00

Town Council

A meeting of Strathmore Town Council was held on Tuesday evening, November 16th, in the Town Hall. Mayor Lambert presided, and Council members present were Messrs Anderson, Brown, Sanderson and Bell.

It was reported that the town well was now in shape again. The Council decided to turn over the five bays which was in dispute at a recent J. P. case, over to the town solicitor, so that it could be amended to achieve the purpose. It was intended for, to prevent fire being started too close to any building. A letter was read from Messrs J. Anderson and Son, offering to buy lots 19 and 20 in Block 3 at a price of \$400. This was accepted, lots to be taken over at the termination of T. H. Dyer lease.

A Record Crop

If the remainder of the crop rated this year on the Rose Plains, eight miles south of town, corresponds with that harvested when the storm interrupted proceedings, it will be one of the biggest ever raised in this district. Mrs. Jones was in town last week, and informed us that they had only threshed twelve tons of wheat from the storm-blasted, and that these twelve acres averaged fifty-five bushels per acre.

This crop was raised under irrigation, and it is in marked contrast to some other crops in the same district, which has been rather more affected by drought than the district east and north-west of Strathmore. But even in these districts irrigation has proved in the past two years that it fully justifies the extra labor and money spent.

Still Cold

There has been no improvement in the temperature during the past week, and every night except one it has gone down below zero. On Sunday there was a promise of warmer weather, but on Tuesday it was again a few hours in the afternoon, after which King Winter resumed his grip.

Attempts have been made to start threshing, and a little work has been done, but it has not been resumed on a general scale.

Heavy winds during the week have defied the snow considerably, and made progress on the road very difficult for motor cars.

WHY GO TO CHURCH?

It appears to us that there is a considerable dropping off in church attendance to what there was in the earlier days of Strathmore's history. Then though the population of the town and district was smaller, we believe that the churches were better attended than they are at the present time. One of the local churches is empty now, and that is not a good sign of the spiritual life of the community.

Most of the people who do not attend church are good people morally, and it is only apathy in the most of cases that prevents their attendance. At this time of the year, too, the fireside holds great temptations.

In former eras of the world's history attendance at Christian worship was fraught with many inconveniences, and even as late as the seventeenth century many were put to death for the crime of worshipping according to the dictates of their conscience. These people cheerfully took the risk and the world benefited thereby. We enjoy liberty of worship and liberty of speech now through the deaths of these martyrs, but we do not appreciate the privilege as we ought.

At the present time, we believe, Christianity is more useful to the nations than ever before. There is a spirit abroad that success in material things is all that counts in an individual, and the man who is gifted with more talent than his fellowmen is often using these talents for personal enrichment instead of for the good of the community. Hence the strike and the discontent that at present prevails every country. The golden calf has been set up, and its worshippers are legion.

True, the great exponents of the doctrine of selfishness were defeated last November after many losses in the Titanic struggle, and the world was taught that the doctrines of Christ, and not the German doctrine, "Might is right," were stronger. The same doctrine, however, is still rampant, although, as its German exponents were, but unless people generally pay more attention to the fundamentals of Christianity, and exemplify them more in business and politics, the effort to overthrow them will be as easily as the effort to overthrow the doctrine of "Deutlichkeit über Alles." The general unrest that confronts the world to-day is caused by disregard of the fundamental principles of Christianity.

A man may carry out the principles of Christ without attending church; a man may attend church and be a professing Christian without being an honest man; but there is no doubt that the public exposition of the Word, and the worship of God, is good for the individual and good for the community.

At the present time, thanks went up to God from every part of the world for the Armistice. The first thing that the British parliament did, on receipt of the news, that of the Lloyd George, was to repair to St. Margaret's Chapel and give thanks for the victory. In Canada the bells may have sounded more merrily, and the streets less keen, but at the same time the God whom we turn to in adversity should have our worship when the storm is over.

SMALL INVESTORS URGED TO SUPPORT VICTORY LOAN

Toronto, Nov. 16th.—E. R. Wood, chairman of the Dominion Security of Victory Loan, made the following comments on the success of the campaign to date. The campaign is now practically half finished. The success to date has been due in large measure to the fact that investors who have so far purchased bonds have bought more than they did in previous loans. The number of subscribers is as yet below the number who bought bonds up to the same time last year. The total subscriptions reported so far aggregate \$208,000,000, which is a satisfactory result for the time being. It may be remembered, however, that this total includes a very large proportion of the big subscriptions available, and in order to make a success of the loan it will be necessary, as in previous campaigns, that the medium and smaller subscribers shall come forward in very great numbers. It is only necessary for those who have not yet subscribed to the loan and who are able to do so, to subscribe on the same relative scale as those who have already bought bonds in order to insure success. The rate of interest carried by the bonds, namely 5½ per cent, is the same as on the bonds issued in the dark days of the war. All of which loans are selling at substantial premiums. As a matter of fact this new loan is particularly attractive from the standpoint of the small investor. This is Canada's final financial war effort, and it is not only good business, but good patriotism, for every Canadian to become the owner of a Victory bond. Let every man and woman in Canada buy bonds to the limit of their present resources and prospective savings of the next ten months. The Banks will gladly lend the necessary funds.

D'lemead

Mr. L. McKinnon announced a funeral for the late Mr. D'lemead, who is visiting his home in D'lemead.

Every person is talking green food and quite a number have sold by the stock. According to the standard it is all paid before to sell or green food to the stock.

The Community Club had a chicken supper on Saturday to the restaurant at evening. They came out.

Mr. Wm. Kent, who has been in the hospital for some time, has returned home and hopes to be around again in a few weeks.

Interest on the Victory Bonds 1919 will be paid without charge at any Canadian bank on May 1 and November 1 each year.

Soldiers and Irrigated Lands

Under the Soldiers Settlement Act soldiers who are qualified agriculturists are entitled to a loan of \$5000 with \$2000 for stock and improvements for the purpose of enabling them to settle on land within a reasonable distance of a railway.

However, the Soldier's Settlement Board will not advance any money on loan on irrigated land. There are quite a number of qualified soldier-farmers who would like to take up land in this district, and they have approached the Board from time to time, but have been flatly turned down.

This looks to us like an unjust discrimination. These men resided in Strathmore district before they enlisted, they want to settle down here again, but if they wish to take advantage of the Government scheme they have to leave this district. This is not good, either for the soldiers or for the community, for we do not want to lose the soldiers from this district.

Apparently the Government looks upon irrigation as a handicap, and as a lessening of their security for their loan, which is entirely unfounded. Irrigation on a farm is a double assurance of its productivity. This is a question that should be taken up with Major Redman, our representative, on his return from Ottawa.

Canada in position to lend four times more than Victory Loan objective. The success of the Victory Loan should be overwhelming. With savings bank deposits totalling \$1,227,000,000 and the co-operation of depositories and bankers Victory Loan workers have good material upon which to work.

The figures are taken from the official statement of the Canadian Chartered banks, issued at Ottawa. They show another good increase in savings bank deposits, amounting to \$20,000,000 over the August figure and of \$10,000,000 over September 1918.

The savings of the people are quite apart from the commercial business. They represent the thrift and economy which Canadians are practising in view of the Loan campaign, and it is eminently satisfactory to find that they work out at over \$100 for every Canadian man, woman and child over \$750 per family.

As indices to prosperity and industry \$1,227,000,000 in savings banks deposits are eloquent, indeed.

The success of the Victory Loan is necessary to combine prosperity with peace.

Local Meetings

A full and well-attended meeting will be held at the residence of Mrs. A. A. Campbell on Saturday afternoon, November 22nd, at 3 o'clock. Special attractions for children. Proceeds in aid of Anglican Ladies Guild. 1211-6

The loose ends of the war will be sought up by the Victory Loan 1919.

Strathmore Lodge, I.O.O.F., held a very successful meeting last night, when the Grand Master of the Order, Sir James Outram, paid an official visit, following which a banquet was held. Happening so close to press time we are not able to give a report of the proceedings, but this will be published in next issue.

Strathmore G.W.E.U. held a social evening in the King Edward dining room last night in commemoration of Armistice day. There was a large attendance, and a very enjoyable time was spent, particulars of which will appear in next issue.

The coal situation locally is the cause of considerable anxiety, as stocks are running low, and it seems hard to get cars in, through the three local dealers having considerable quantities on order. Apparently the trouble is congestion on the C.N.R. tracks for it is reported that more than twenty cars had been lying at Ardendale for more than a week without having been moved. The consumption of coal has been greatly increased by the continued cold, and this has brought everyone unawares.

Messrs Layton and Dunn, as well as seen from our ad, real estate, are holding a big horse sale at the Alberta Stockyards, Calgary, on Thursday, November 27. 550 horses of good quality are being offered, and this will be a good opportunity for anyone who wishes to make a good buy in preparation for next spring's work.

The practical man will not hesitate a moment over investing in Victory Bonds.

Strathmore Auction Mart will hold one of their regular auction sales on November 29. Entries are invited by the Secretary, Mr. J. E. Martin, and those who have anything to sell should enter early, as that their entries can be properly noted. No entries will be accepted on day of sale.

The Goffrey house and other property on the north side of the track has been bought by Mr. E. F. Jones. The sale was put through by Mr. E. W. Chase.

The Prince of Wales calls the Victory Loan "The bridge from War to Peace."

Considerable interest was aroused by a new board between 2 P.M. and 3 P.M. on Saturday, when a dog belonging to a local merchant provided the bone of contention, the charge being that it had bitten another local merchant. The owner of the dog was finally indicted in \$200 and costs.

Mrs. Chas. Allen returned on Monday from Russell, B.C., where she has been for several months. Mr. Allen accompanied her back.

Ted Lloyd, son of Mr. George Lloyd was in town renewing acquaintances this week. Ted saw a long spell of service in France with the C.A.M.C.

The Ladies' Guild of St. Michael's and All Angels Church will meet on Tuesday next, Nov. 26th, at 2 P.M. at the residence of Mrs. W. E. Brown. All members are cordially requested to be present.

On Saturday Nov. 22nd at the residence of Mrs. A. Campbell, the Anglican Ladies' Guild will hold a sale of fancy articles suitable for Christmas gifts, together with a sale of home comforts (and candy).

Afternoon tea will be served, but unless told a "Cabbage Patch" set out for the children with Mrs. Wigan in attendance.

The Women's Institute will meet on Wednesday November 26th at 2 P.M. at the home of Mrs. Phoebe. Each lady is requested to bring an Elmer decoration.

Mr. & E. H. Line arrived on Thursday last from the State of Michigan. He is visiting with his uncle and family, C. W. Chase.

The Victory Loan is the place for Trust funds which demand safe investment with good returns.

Paternal Societies protect their members by putting their surplus funds into Victory Bonds.

W. C. BROWN
FORD DEALER, STRATHMORE

Ford Motor Company
OF CANADA, Limited

Economy of Ford Service

WEAR is unavoidable even in the best car, but certain parts wear out more quickly than others. There is no need of scrapping your car because the piston rings have seen their day, because the platinum points of the vibrators are worn out. Probably the rest of the car is as good as new.

Medical men agree that the human body is renewed, cell by cell, every seven years. You can do the same with your Ford Car and prolong its life at minimum cost by replacing worn parts from time to time.

Ford service has been the means of doubling the lives of hundreds of Ford Cars, and cutting down the cost of motoring. The fact that a Ford Touring Car, which costs \$800, f.o.b. Ford, Ont., can be purchased part by part separately for \$917 is ample proof of the economy of driving a Ford car.

It will pay you to have your car overhauled during the winter months. 700 Canadian Dealers and over 2,000 Service Garages supply genuine Ford parts and prompt repair service.

When buying, choose a Ford, and take advantage of the economy of Ford service.

WC Brown, Dealer Strathmore

Standard News

Watkin's orchestra will be on hand again on Friday, Nov. 14 when a mass parade hall will be held in Norquist Hall. This orchestra dispenses very melodious music, the hall will be lined and well-lit and all who come are assured of a good time.

A first class doctor would find standard an excellent location. Another need of the town is a drug store.

A very successful social was held by the Ladies Aid Society of the Union Church in Long Beach school on Halloween. The school was specially decorated for the occasion, and a large crowd from Standard and Chancellor district as well as Long Beach attended. The games were enjoyed by children and grown-ups and suitable prizes given. Everyone had a good time.

On Thursday (Oct. 26), a very successful dance was held in Norquist hall. Watkin's orchestra furnished the music, and a large crowd of Standard people attended, as well as visitors from Rockyford, Chancellor and other nearby districts.

Mr. Burley was in town several days last week and sold several high class pianos and phonographs.

He also brought a second hand Ford after Ford Garage.

Jack Kelly, thinking that his Ford car could do anything essayed to charge a telegraph post on the road some slight damage, but Kelly says "You should see the post."

It. W. Larson made a trip to Wayne this week to look after his farming interests there.

SCHOOL REPORT

Standing of pupils in Standard village school for month of October are as follows: Only those standing first and second in their respective classes mentioned here.

Grade 9: 1. Dennis Muir.

Grade 8: 1. Alberta Pringle.

2. Peter Jensen.

Grade 7: 1. Kathleen Ross.

2. Walter Jensen.

and Sidney Blach.

Grade 6: 1. Tulla Jensen.

2. Jess Castella.

Grade 5: 1. Astrid Nelson.

2. Thelma Nelson.

Grade 4: 1. Elma Larsen.

2. Willie Andersen.

Grade 3: 1. Margery Koute.

2. Eljer Castella.

Grade 1-2: 1. Mary Sorenson.

2. Inga Halber.

Grade 1-3: 1. Wallace Pringle.

2. Harold Larsen.

Has Watkins orchestra a real drummer? Lou Hall says so.

Soren Sorenson disposed of two coyote hounds last week for \$175, several doubters of E. Kja's Hussey colony intend to follow the dog-baiting profession, making the decision when they hear the price of these.

Lewie bought a pair of expensive hounds last week and the day after he bought them they disappeared. He traced them to Calgary and they returned in triumph with them on Thursday.

Standard baseball team did not get much luck during the season of 1932, figuring in two rather disastrous seasons with the Rockyford team.

There is no reason why we should not have a successful team in 1933. John Anderson, who was in Calgary all last summer, and who distinguished himself in the city league expects to remain in the district and would form a welcome addition to the team. With such players as Ed and Melvin Muir, Bert Horton and Geo. Blumaine available as a nucleus for a team early next summer, as well as on other occasions next summer.

Castella Bros. are improving the extra house at the mine in preparation for winter weather.

Chancellor Notes

On Nov. 11th, (Armistice Day) a dance and concert will be held in Sunny Range School, south of Chancellor. James Hall, the Chancellor orchestra of one, will supply the music with accordion and kazoos. All are welcome.

Every community has a wedding now and then. In Chancellor an exception to this rule is to be expected. The Chancellor territory extends five and a half miles west.

A Committee has recently been appointed to the Enterprise staff, and will cooperate with W. M. MacDonald in writing news and taking subscriptions at Chancellor.

At last the building of the Memorial to St. Vincent is to be started, and the Committee are now busy looking for an "M. C." (in this case meaning "Master of ceremonies," rather than the more common meaning) who will

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

Buy Victory Bonds For Your Children

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

BOW VALLEY SUPPLY CO.
M. B. GARRETT

superintended the excavating and cutting of the cellar, which we understand is to be quite large, something like 30 x 60 feet.

The site that has been chosen is the highest point in the Township, so that we can picture the "building" to be standing majestically overlooking the surrounding town and community, a true symbol of gratitude to the faith, and to those amongst us who

The young town of Chancellor, just budding forth into the light of this Western Province of ours, is yet in its very infancy days. Although it is true, it proudly possesses a Post Office, store, an occasional elevator house, and three tall elevators. What better then could it be to advance its power, than a large Commercial High School, given as a Memorial.

Now that the work of building is in hand, the money on the present subscription list will soon begin to fade and we hope to see the date renovated and bearing the name of all in the nation, and we would round all, that although the amount of money donated will be the deciding factor in the extent of building and material used in the Memorial. Yet a long list of subscribers, irrespective of amounts donated, will be the proving factor of the feeling and sentiment we have for those who fought in our interests and for our Country have helped so nobly in the Great War we have passed through.

Both Chancellor and Standard Post Offices are acting as central subscription stations, and subscriptions will be gratefully received through them by the Committee.

We learn of a proposed petition for which signatures are asked, petitioning the Government to take over control of the late now owned by T. T. Thompson, running E and W, and to extend same, making a Government road running on through H. Chamberlain's land and on toward Frank Watson's. This will indeed facilitate

the town trip to Chancellor for many of the farmers in the vicinity, and we wish the petition every success.

It is earnestly hoped that the Vets will have the use of the Hall the coming winter.

Adance was held at "Sunny Range" School House Monday, Oct. 27th and was attended by a rather small but jolly crowd.

Between the dances, several of our local singers showed their talent. The dance was in aid of the proposed plan for the school.

E. Larson has purchased two coyote hounds and is hunting coyotes daily.

The Chancellor editors think that the Dominion Government should take steps to preserve a few coyotes and have parks so they may run in their natural state, as the Indians are doing at Banff and Watayuki.

"It is quite evident that in a short time these beasts will be extinct."

The members of the Anzac Colony have opened up a local branch of the G.W.V.A., consisting of which are being conducted in the "Sunny Range" School House for the present. This will be transferred to the Memorial Hall as soon as the building is completed.

The house selected for the Local is the "Chancellor Local G.W.V.A." and is now awaiting its charter from the Dominion Committee.

Mr. Bluff of Calgary is spending a few days with her parents, Mr. and Mrs. F. Whalley at their home on the Colony.

"I'm forever blowing bubbles" has just reached Calgary and is becoming quite popular.

P. Bath has for some time been considering the advisability of shaving. He has now sincerely sympathized as the most of us realize, what a dreadful thing it is to undergo a painful operation.

"After the Ball was over"

(At Long Beach)

Care to the right of them,
Care to the left of them.
Care all around them.

Started and blundered.
But one old Ford it blundered
It blundered and blundered
'Twas the carrying Percy and

Edna (Crowe)
They shoved the car uphill and down
dell.

They called it more naive than the
writer will tell
There's but to find the reason why
Their's but to work and try

And then the six wandered
But finally they got the car started
Dad Andy Hansen's it darted
Down in the valley below

It started, and then made a stop
(About the six hundredth)
And down there in the dell
They all crashed for a spell.

First's hand slipped and then he fell,
And the rest wandered.
Percy had blundered.

A CREDIT TO CANADA.

Canada has every reason to be proud of the great family and form paper The Family Herald and Weekly Star. This family is now issued in a new form, thirty-four pages weekly, and is more easily handled and read. The Family Herald is the great home paper of this Continent. Each and every issue is interesting and instructive reading matter. It costs but \$1.50 a year and every subscriber for 1933 is receiving a handsome souvenir portrait of the Prince of Wales, size 16 x 22 inches. This portrait alone could not be bought for the money. How the family Herald can give such a beautiful souvenir to its subscribers is indeed a mystery, still they do it and their subscribers receive the benefit of their generosity.
